### HOME COMING ONLY TWO WEEKS AWAY

Only two more weeks until the  
big day for graduates and ex-stu-  
dents of Hondo High School who are  
making plans to attend the Home-  
coming celebration on Monday, No-  
vember 11th. Final preparations for  
the day's program are being made  
and full details will be announced in  
next week's paper. So far the gen-  
eral program includes assembly of  
all graduates and ex-students at 10  
A. M., followed by a barbecue dinner  
served at noon on the school campus  
by the Hondo Parent-Teacher Asso-  
ciation. Plates will sell for 25c and  
30c.

At 2:30 P. M. Barry Field will be  
the scene of a big football battle be-  
tween the Hondo Owls and the Del  
Rio Wildcats, old time rivals and one  
of the strongest teams in the District.  
There will be plenty of seats in the  
bleachers where arrangements are  
being made to accommodate a record  
crowd. Tickets will go on sale next  
week.

A gala dance, open to the public,  
will be held in the new gymnasium,  
beginning at 9 p. m. and with a grand  
march at 9:30. Mack Rogers and his  
orchestra, reputedly one of the best  
dance bands in this section, will fur-  
nish the music. Admission for  
couples is \$1.65; admission to the  
bleachers for spectators, 25c. This  
is the first public dance to be held in  
the new gymnasium which has a  
large hardwood floor for dancing and  
plenty of room to seat about five  
hundred spectators in the bleachers.

Work on the special homecoming  
edition of the Anvil Herald is com-  
ing along satisfactorily. Many old  
photographs have been secured and  
in addition to the stories and reprints  
from old school publications, the  
homecoming edition will be a sou-  
venir to keep. Extra copies will be  
5c a copy; why not put in your order  
for yours now? We wish at this  
time to acknowledge with deepest  
appreciation the letters we have re-  
ceived from former students offering  
help or best wishes for the success  
of the homecoming and of the special  
edition.

Four hundred and fifty-six invita-  
tions will be in the mail today and  
Saturday to graduates; please pass  
the word of welcome around to the  
many more ex-students to whom it  
is impossible to send personal invita-  
tions.

### REA NEWS ITEMS

The Manager and the Bookkeeper  
of the Medina Electric Cooperative,  
Inc., have both returned from their  
respective meetings held in Fort  
Worth and Dallas last week, and both  
report having received valuable  
points in carrying out their duties,  
both in the office and in the field.  
As we go to press, the contractor's  
superintendents, Mr. D. E. Pogue and  
Mr. W. W. Cardwell, report between  
50 and 60 miles of poles set on the  
B Project lines, and at least six  
miles of conductor already strung.  
The larger shipment of conductor is  
expected by the end of the week, as  
the contractor's men have received  
word that shipment had reached  
Corpus Christi, and it will be only a  
very short time until it can reach  
Hondo and Devine.

Transformers have already been  
set hung about 60 poles, and ser-  
vice wires have been strung to the  
homes of 60 or more members on the  
B Project. The contractor is show-  
ing good progress, and if only the  
members will have their houses wired  
as rapidly, there will be no reason  
for any delay in having the lines en-  
ergerized within the next few weeks.

The REA house-wiring inspector,  
Mr. R. B. Hendricks, has spent the  
past three days in Hondo and vicinity,  
inspecting such houses as the con-  
tractors and individual home-owners  
have wired to date. He stressed  
very strongly the point that 80% of  
houses must be ready to receive the  
service by the time the construction  
of the lines has been completed, in  
order that the current may be turned  
on.

The B Project members should re-  
member that the \$2.45 per month  
they agreed to pay for a period of  
one year from the time the service  
was made available must be paid, re-  
gardless of whether the members use  
the service or not. So why not wire  
your house and receive your money's  
worth?

The Medina Electric Cooperative,  
Inc., reports that its engineers, the  
J. W. Beretta Engineers, Inc., have  
announced the fact that they will be  
ready to start staking on the lines  
toward D'Hanis and Sabinas as soon  
as proper authority from Washing-  
ton, D. C., is received by the Cooper-  
ative.

Mr. and Mrs. Joe Vance of Devine  
were guests of County Attorney and  
Mrs. Frank X. Vance Friday night  
and attended the Hondo-Devine foot-  
ball game.

### COUNTY COURT MET WED- NESDAY

The County Court of Medina  
County convened at 9:00 A. M. Wed-  
nesday, October 23, for the purpose  
of trying the civil case of the State  
of Texas vs. Will F. Naegelin et al,  
condemnation proceedings. The fol-  
lowing jury was empanelled and  
sworn in: Leo Laake, Clarence Mum-  
me, Chas. Heiligman Jr., Frank  
Killough, Otto G. Lindeburg and  
Henry Haby.

The case was presented, witnesses  
heard and arguments given. The  
jury returned the following verdict  
as an answer to three questions:

(1) From a preponderance of evi-  
dence the market value of the 3:52  
acre strip of land, and the growing  
crop thereon, at the time same was  
condemned for highway purposes,  
considered as severed land is \$226.

(2) From a preponderance of evi-  
dence, the market value of defend-  
ants' tract of land, exclusive of strip  
of land condemned, immediately be-  
fore the strip was taken for high-  
way purpose, was \$11,894.40.

(3) Excluding increase in value,  
if any, and decrease in value, if any,  
by reason of benefits or injuries re-  
ceived by defendants' in common  
with the community generally and  
not peculiar to them and connected  
with their ownership, use, and en-  
joyment of the particular tract of  
land along which the strip of land  
has been condemned, and taking into  
consideration the uses to which the  
strip condemned is to be subjected,  
from a preponderance of evidence,  
the market value of the remainder  
of defendants' tract of land immedi-  
ately after the taking of the strip  
condemned for highway purposes, is  
\$11,894.40.

METHODIST PASTORS CHANGED

At the annual conference in San  
Antonio last week of the Methodist  
Episcopal Church, Rev. W. S. High-  
smith was transferred from Hondo  
to Ward Memorial Church, Austin,  
Texas, and Rev. R. F. Davis was sent  
to take his place here.

Rev. Highsmith enjoys the distinc-  
tion of being the first Methodist pas-  
tor to hold the Hondo charge for  
four consecutive years. He leaves a  
host of friends here, both among his  
own people and members of other  
churches, who will regret to see him  
and his family leave. Their good  
wishes will go with them to their  
new home.

At the same time the new minister  
will receive a cordial welcome to the  
church and the community life of  
Hondo.

Mr. J. N. Wilson of Yancey was a  
patient at Medina Hospital on Oct.  
22nd for medical treatment.

### TO THE VOTERS OF PRECINCT 1

Upon announcing my candidacy  
for re-election to the office of coun-  
ty commissioner for precinct No. 1,  
of this county it was my sincere in-  
tention to visit each voter in the pre-  
cinct and personally solicit his or her  
support. However, owing to the  
many official duties which required  
my constant time and attention I  
have found it utterly impossible to  
make a personal campaign in behalf  
of my candidacy. If I had done so I  
would necessarily have had to neg-  
lect these important duties and I am  
sure my people prefer seeing me on  
the job attending to my official du-  
ties, rather than have me take time  
off for electioneering purposes.  
Therefore, I decided to forego the  
pleasure of visiting with you per-  
sonally and have remained strictly  
on my job, and must depend upon  
this message to you to convey my  
sincere appreciation for your past  
support and asking you to again fa-  
vor me with your vote.

I would greatly appreciate it if  
the people of this precinct could take  
the time to inspect the roads and  
other improvements which have been  
built during my tenure of office. By  
cooperating whole heartedly with our  
government it has been possible for  
us to secure the maximum amount of  
government aid in the building of  
roads and making other valuable im-  
provements. This has been accom-  
plished at a small cost to our coun-  
ty, and at the same time employment  
has been given to many people by  
our government. I have given this  
precinct my sincere and honest ef-  
fort and have always done my best  
for my precinct. During these past  
years I have had the opportunity to  
gain much information valuable to a  
man serving as county commissioner.  
If re-elected I will most naturally  
use this experience to the advantage  
of my precinct.

In conclusion I wish to add that if  
re-elected I can and will give you  
faithful and efficient service. I need  
the job, and I am anxious to com-  
plete the important work now going  
on. I trust that you will again fa-  
vor me by giving me your vote and  
support. Again thanking you sin-  
cerely for all past favors. 1tpd.

I am, sincerely yours,  
ALFRED A. BADER.

LIST OF REGISTRANTS POSTED

The Medina County Draft Board  
on Tuesday of this week posted the  
list of registrants in the County and  
their serial numbers on a bulletin  
board on the second floor of the  
National Bank building in Hondo.  
There are 1692 names given.

The official report from County  
Clerk S. A. Jungman given in last  
week's paper gave the total for the  
County as 1657; of this number 113  
were non-residents and their cards  
had to be sent to their respective  
home counties. In the meantime,  
however, the local draft board re-  
ceived 138 registration cards for  
young men who claim Medina Coun-  
ty as their home but had to register  
elsewhere. This brought the total  
list up to 1692, the number posted  
on the bulletin board.

Since the posting of the names  
Tuesday, 89 more registration cards  
have been filed with the local board,  
and will be posted at a later date.  
As we go to press, the total for the  
County is 1781, according to Mr.  
Earl Starnes of the Draft Board.

In addition to Mr. Starnes, the  
Board is composed of Mr. Oscar J.  
Bader and Mr. George Briscoe, and  
Mr. J. R. Chancey is assistant. Their  
office is on the second floor of the  
Rath building over Carle's Confection-  
ery, stair entrance just east of  
Hondo National Bank.

LA COSTE LEDGERETS

The LaCoste Ledger.

Misses Hazel Jungman and LaVerne Rihn of San Antonio spent the past week-end with Mr. and Mrs. Otto Jungman here.

Mrs. Alex A. Haby and son, Alex Jr., of Mico, Mrs. Richard Haby from Spindletop, and Mrs. Cora Sittre from Rio Medina were in San Antonio Friday.

Mr. and Mrs. A. L. Kriewald and children visited in San Antonio Saturday.

Mr. and Mrs. Henry Zinsmeyer and Mr. and Mrs. Daniel Christilles and children from here visited Mr. and Mrs. Otto Bendele and Mr. and Mrs. A. A. Hartman in Kerrville Sunday.

Rev. and Mrs. A. H. Falkenberg from Castroville visited in LaCoste Wednesday morning.

A barn and all its contents on the Lena Reicherzer farm, about three miles southwest of LaCoste, were totally destroyed by fire early Sunday morning, October 13. Feeds, corn, and harnesses belonging to Bernard J. Rihn and corn belonging to John L. Zuercher were stored in the barn at the time of the fire. Since there is no residence near the barn, the fire was well on its way when Jos. Lamon, who lives on the adjoining farm several miles away, noticed the flames. He rushed to LaCoste and informed Mr. Rihn. The fire was already past any possible control and everything was destroyed. This took place about three o'clock Sunday morning. The fire was of an unknown origin.

The shrieking of the siren of the Castroville fire truck took LaCoste by surprise Wednesday morning, October 16, shortly before noon, as it raced into town but left town again just as quickly. The Castroville Volunteer Fire Department was rushing to answer the call of Mrs. Marie Hanna who resides several miles beyond Macdonia. A barn on her place was almost burned to the ground before the fire boys could reach the scene. The barn contained feeds and several farming implements; the tractor was all that was saved. The Fire Department exhibited the greatest efforts Wednesday to do their job, when they answered that call because of the distance between Castroville and the scene of the fire.

Mr. and Mrs. O. M. Hughes and children and Mrs. F. K. Wanjura of Lytle spent Sunday with Mr. and Mrs. Walter Reicherzer and children.

Henry Keller from the Sauz was a LaCoste visitor Wednesday morning.

Mrs. Wm. Keller returned home Tuesday after having spent several weeks with Mr. and Mrs. Joe Biediger and children in San Antonio.

Mrs. P. J. Tschirhart and son, Don Louis, from Castroville spent Wednesday with Mr. and Mrs. E. J. Keller and sons here.

Miss Florence Ganzer of Ammons-ville is visiting with Mr. and Mrs. A. P. Farma and sons here for some time.

Mr. and Mrs. Harold Nester of D'Hanis and Grady Griffin and son, Tom, of Atascosa visited with Mr. and Mrs. Henry Salzman and family and the Griffin children here Sunday.

Miss Isabel Mangold entertained a group of friends at her home Saturday night, October 12th, with a congenial party. Chinese checkers and cards were played. Lunch was then served on a table gaily decorated in Mexican motif. Three varieties of open-face sandwiches, cut in the shape of autumn leaves, and potato chips, on varied and brightly colored plates, were served to the guests. Filled kisses, nut bars and iced tea completed the menu. At midnight all returned to their homes thanking the hostess for a pleasant evening. Those present were Misses Florence Ganzer of Ammons-ville, LaVerne Rihn and Hazel Jungman of San Antonio, and Rose Lillian Jungman of LaCoste; Messrs. Tom Finger, Tom Holloway, Bill Heyen and Charles Embrey of Hondo, and Ivan Mangold of LaCoste, and the hostess, Miss Isabel Mangold.

Miss Gertrude Mehr, a bride of next Sunday, was complimented with a miscellaneous shower at the St.

Louis parish hall Sunday afternoon, October 13, 1940.

As the honoree entered, the Wedding March was played by Nata Jane Halty. When the curtain was raised Billy Bippert was working over an airplane. The gifts were then presented to the bride-elect by Billy Bippert and Lilly Mae Bendele.

After Miss Mehr had thanked her friends for the gifts, the hostesses served refreshments consisting of chicken salad, smacks, light and dark cake and coffee to those present.

Mrs. Ehlinger, her mother, Mrs. Schmidt, and some of the smaller children, riding in the car, escaped serious injuries. He was taken to Medina Hospital at Hondo for treatment. BEAUTY MARKS WEDDING UNITING COMSTOCK COUPLE SATURDAY

Miss Mabel Zuberbueler and Martin King Wed in Double Ring Ceremony in Bride's Home

Stressing the bridal motif, lovely white dahlias, fern and ivy formed a fitting background for the wedding of Miss Mabel Zuberbueler, daughter of Mr. and Mrs. E. M. Zuberbueler, to Martin King Saturday in the bride's home in Comstock. The Rev. Father Theo Francis, O. M. L., pastor of Sacred Heart Catholic Church of Del Rio, performed the double ring ceremony.

Floor baskets of white dahlias were placed in front of the ivy entwined mantel, adorned with a fan shaped arrangement of white gladioluses on a reflector flanked with white tapers in gold holders, to form an improvised altar.

Miss Josephine Kelly played the traditional wedding marches for the bride party.

Miss Elsie Zuberbueler, the bride's sister and only attendant, entered first. She wore a frock of Indian senny brown with a gold turban and her accessories were brown. She wore a shoulder bouquet of tuberose begonias in tones of gold tied with Indian penny brown ribbon.

The bride entered with her father, who gave her in marriage. She was lovely in a costume suit of rocky blue trimmed in brown fox and her hat was an original Jean Patou in tobacco red. Her accessories were red and her shoulder bouquet was of gardenias and bouvardia.

Walter King, brother of the groom, assisted as best man.

Lilies of the valley were used in decorating the living room of the home while the buffet in the dining room was decorated with dahlias in tones of rose on a reflector with tapers burning in silver holders.

A reception followed the wedding, the refreshment table centered with white dahlias on a reflector flanked with white tapers. The wedding cake, in the shape of a wedding ring, featured a love garden on a reflector and included a dainty arch beneath which stood a miniature bride and groom overlooking a winding stair and a miniature terrace. Full blown roses and small white rosebuds, with lilies of the valley, also decorated the cake.

When the bride cut the first slice, a music box concealed within the cake played Lohengrin's "Bridal Chorus."

Later the cake was served by Miss Agnes Haby and the coffee was served by Mrs. A. F. Haby. About 40 guests attended the wedding and the reception.

Mr. and Mrs. King, after a wedding trip, will be at home on their ranch near Comstock.

Mrs. King, who has been honored with a number of lovely courtesies, was reared in Comstock. She attended Our Lady of the Lake College in San Antonio. Mr. King, the son of Mrs. C. A. Brotherton, attended the Del Rio High School and later was a student at Sul Ross College in Alpine.

MEXICAN DINNER, TUESDAY, NOV. 5, ELECTION DAY, SPONSORED BY LUTHERAN LADIES AID, IN CHAP CLEMENTS' BLUE ROOM (former sewing room). PLATE DINNER, 35c, CHILDREN UNDER 12, 25c. NO LUNCHESES SENT OUT.

Workmen under the direction of Commissioners Alfred A. Bader and Harrison Harris last week completed the re-floving and painting of the steel bridge across the Hondo creek near Biry. This is a much needed improvement on a bridge that is used a great deal, being on the main traveled road between Hondo and Devine.

Mrs. O. B. Taylor entertained the Wednesday Club this week, with the personnel composed of Mesdames J. M. Finger, Volney Boon, Ed Cameron, Fletcher Davis, Charles Finger, R. J. Noonan, and R. W. Speece, and Miss Thelma Lynch. High trophy went to Mrs. J. M. Finger and second to Mrs. Cameron. Guest prize was won by Mrs. Davis. Orange punch was served at the end of the games.

Mrs. Fletcher Davis was hostess to the Ladies' Bridge Club Tuesday afternoon. Bridge trophies were awarded Mrs. Ed Cameron high and Mrs. Ed Koch second for members, and Mrs. H. J. Meyer high for guests. Refreshments of molded fruit salad, saltines, cake and iced tea were served. Those present were Mesdames Robert Kellman, L. F. Laake, J. M. Finger, Volney Boon, Ed Koch, H. J. Meyer, O. B. Taylor, Ed Cameron and Fletcher Davis.

The Thursday Bridge Club was entertained last week with Mrs. O. B. Taylor as hostess to two tables of players. Mrs. Volney Boon won high and Mrs. J. M. Finger won second for members and Mrs. J. B. Dixon won high guest prize. Refreshments of pineapple and peach salad, saltines, cake topped with whipped cream and a cherry, and coffee, were served. Those present were Mesdames Ed Koch, J. B. Dixon, Roy Pfeil, R. J. Noonan, Volney Boon, J. M. Finger, Thos. B. Knopp and H. J. Meyer.

Mr. and Mrs. M. A. Rath arrived home Monday night in their new 1941 Oldsmobile sedan which they drove all the way from the factory at Lansing, Michigan. They enjoyed the trip very much and were especially enthusiastic about the autumn scenery along the way, where the brilliant foliage of maple trees added such beauty as they had not seen before. They found the weather cold enough to warrant wearing heavier winter clothes and using a heater in their car, until they reached Memphis, Tenn., where the temperature began to rise, and they arrived in Hondo to find real summer weather. Although having had a delightful vacation trip, Mr. and Mrs. Rath said they were glad to be home: “There's no place like it.”

Mr. and Mrs. Walter Mask received a message last Thursday night that their son, William (Tinsy) Mask had been seriously injured in an oil well accident that afternoon at Wichita Falls, Texas. They left early the following morning and went direct to the Wichita Falls Clinic-Hospital where their son had been placed in an oxygen tent. He sustained three broken ribs, a punctured lung and other injuries on his right side when a cat-line fouled on an oil well drilling outfit, the cable broke and a 250-pound tong hit him on the right side. Tinsy is driller for the Nobles Drilling Co. He was kept in the oxygen tent for three days, and due to his strong constitution, he soon rallied and was pronounced out of danger Wednesday of this week. As soon as the doctors declared his son doing satisfactorily, Mr. Walter Mask left Wichita Falls and reached Hondo Wednesday night. Mrs. Mask remained to be with their son. His brothers, Brown of Nebraska, and Jack of Kansas, rushed to Tinsy's bedside soon after the accident but left Monday after he showed improvement.

## Prominent Farmer Says Debt And Third Term Are Big Issues.

"Some people say that since Wendell Willkie has indorsed the principles of the New Deal farm program that there is no issue between the two presidential candidates so far as the farmer is concerned," said Mr. Lantz. "Most farmers know better. They know that on the debt and on the third term the cleavage between the two candidates is fundamental."

"Mr. Roosevelt promised to place the cost of government upon the shoulders of those most able to pay. In 1939, the wealth of the nation was paying 69 per cent of governmental costs and the laborers, farmers and common people were paying 31 per cent. But last year we found that the wealth of the nation was paying only 39 per cent while the ordinary people were paying 61 per cent. That is how Mr. Roosevelt took care of the forgotten man and soaked the rich.

"On large items which the farmer must buy the tax cost is tremendous. Deere & Co., manufacturer of farm implements, was compelled to pay almost \$600 per man in taxes in 1939 for every man they employed.

"I find farmers much attracted by the statement of Wendell Willkie that he will make no changes in the present farm program except to improve it, that he will return the ten million unemployed to the payrolls and thus increase the purchasing power of the farmer's market, and that he will conduct the national defense program and the ordinary business of government on a business-like basis.

## Mrs. Willkie Greets

## Rowdies With Smile

"The crowds are enormous and there's much interest in their faces—so much interest that it interests me to watch them," she said.

"There's been very little of it," she said. "On the whole, everyone has shown such enthusiasm. Of course, it is sad to see prejudices aroused to such an extent that people throw an egg at someone who has done nothing but smile at them."

## No Farm Recovery Here

The major objective of the New Deal's foreign trade policy was to increase exports of American farm surplus. The dollar value of our agricultural exports, however, declined 9.2 per cent between the fiscal years 1932 and 1939. Non-agricultural exports, on the other hand, increased 90 per cent in dollar value during this period. Total exports increased in that period 51 per cent in dollar value. In terms of volume our agricultural exports declined 36 per cent between the fiscal years 1932 and 1939. The volume of our cotton exports declined 58 per cent; wheat and flour exports 15 per cent; cured pork 22 per cent, and lard 56 per cent.

## Who Will Pay It?

On March 4, 1940, after seven years of Roosevelt New Deal deficits, the Federal debt was \$42,300,000,000, an increase of \$21,143,000,000 since March 4, 1933, or 102 4 per cent. This was \$6,000,000,000 more than the total value of all farm land, buildings and livestock in the United States as reported in the 1935 farm census. If all the real property subject to the property tax in all States west of the Mississippi River could be sold for its assessed value, the total amount realized would not pay off the present Federal debt.

## A political cartoon by M. B. depicting a king, wearing a crown and a royal robe, seated on a large wooden crate. The crate is labeled "ENLIST YOUR COUNTRY NEEDS YOU" and features a small illustration of a soldier. A man in a trench coat and hat stands before the king, presenting a document that reads "COMMANDER IN CHIEF". A large speech bubble from the king contains the text: "MY SON WANTS TO ENLIST - PLEASE MAKE HIM A CAPTAIN LIKE YOUR SON, ELLIOTT!". The cartoon is signed "M. B." in the bottom right corner.

## Willkie and the Press

"I'm a great reader of the local newspapers in whatever town I happen to be, and I read the classified advertisements as closely as the news columns. There is no better index to a community. How many persons are advertising for jobs—and what kind of jobs. What sort of situations are available. Who has what to sell or swap. I can learn more about a city from the advertising columns of its newspapers than from its chamber of commerce."

"There is nothing more essential to the preservation of a free American Democracy than the preservation of a free American press," Mr. Willkie declared in a statement issued in connection with the nationwide observance of National Newspaper week. "The United States is the only great nation in the world today with an absolutely free press. America's free press today shoulders an historic responsibility. I believe that the publishers, editors and working staffs of America's newspapers are discharging that responsibility in a great and vital American way. If I am elected President of the United States, I shall fight for their right to report honestly, and their right to honestly disagree with me and my administration. I shall not seek to coerce them down the disastrous road of intellectual dishonesty nor to undermine the economic foundations of a free press."

## Relief Costs Too High

Under the New Deal the cost per year per case on relief has increased from \$225 in 1933 to \$1,004 in 1940, an increase of 343 per cent. It now costs \$1,004 per year to support a person on W.P.A. work. The worker, however, receives only \$650 of this amount, the balance going to overhead and material costs. In 1938 the average wage earner in industry received \$1,176. In sharp contrast to the cost of work relief, the State and local governments support their direct relief cases at a cost of slightly more than \$300 per year. Consequently, including administrative costs, three persons are provided for by direct relief for the cost of one W.P.A. worker.

## Colossal Debt Burden

The interest on the Federal debt for the fiscal year 1941 will be \$1,100,000,000. This \$300,000,000 in excess of total Federal expenditures for any peacetime year prior to 1916 The Federal individual income tax for 1937 produced only \$1,091,740,746, or just about enough to meet the interest payments on the Federal debt in 1941.

## The Real Issue— Peace or War

"The real issue of this campaign . . . is peace or war . . . I know of no well-informed Washington observer who isn't convinced that if Roosevelt is elected he will drag us into war at the first opportunity and that if none presents itself he will make one. I know of none who is not aware that if that happens we shall have a war dictatorship with 'emergency powers' in the hands of men who have constantly sought ever-increasing 'emergency' powers at the expense of our political system—and who have never surrendered a single one. They have used them all to perpetuate themselves. I know of none who is not aware that participation in a major war costs so much that it will bankrupt the United States."

—General Hugh S. Johnson.

## Promise vs. Performance

The 1932 Democratic Platform strongly condemned the extravagance of the Republican farm program. At Atlanta, Georgia, on October 24, 1932, Franklin D. Roosevelt added this comment: "I am going to insist that we get more service for the farmers for less money." Total expenditures of the Department of Agriculture, however, have increased from \$110,000,000 in 1932 to an estimated \$1,607,000,000 in 1940, an increase of 1300 per cent. The total number of permanent employees of the Department of Agriculture increased from 16,544 in 1932 to 48,697 in 1939, or 195 per cent. Total pay rolls (obligations) for both permanent and temporary employees increased from \$45,971,215 to \$138,036,692, or 200 per cent. This excludes the 135,890 county and community agricultural conservation committeemen who administer the farm program locally.

## Spending Failed

The real test of a recovery program is whether it has reduced unemployment and put people back to work. Despite the expenditure of more than \$56 billion in seven years and of more than \$21 billion for relief and recovery, the number of gainfully employed workers in the United States was more than two-and-a-half million less in 1939 than in 1929. There are today more than 10,000,000 unemployed. The average unemployment for the seven years of the Roosevelt Administration is 9,402,000, or 18 per cent of the total labor force.

## Evicted

The New Deal has repossessed 91,195 farm homes from their owners. The mortgages were based on an average loan of \$2,800.

JAMES PRESTON

Opinions here expressed are  
Preston's own and not neces-  
sarily those of this paper.—M. E.  
The whole course of the national  
program is threatened by  
efforts of a few Washington  
men to slip in the back door af-  
ter Congress three times has slam-  
med the front door in their faces.  
Three years ago, John L. Lewis  
the CIO asked Congress to deny  
government contracts to those whom  
Labor Board found guilty of vio-  
lating the Wagner Act. Lewis and  
his cohorts did not want to grant  
the right of a court appeal from  
Labor Board's rulings. They  
wanted, instead, to make the Board's  
rulings the law of the land.  
Provision to this effect was  
tacked into a bill. Congress knock-  
ed it out.  
Last year and this year, the  
program has been renewed in modi-  
fied form. The new objective has  
been to forbid government contracts  
to those found guilty after a court  
of violating the Wagner Act.  
Congress steadfastly has refused  
to do that. Meanwhile, facts  
have piled up proving the bias  
of the Labor Board. So Congress  
has shown no disposition to  
amend government contracts to force  
compliance with arbitrary and capri-  
cious rulings of a Board which is  
usually under fire by the public,  
employers, and labor organizations.  
—WSS—

Now, however, a new factor enters  
the picture. Sidney Hillman is a  
president and a member of the  
active board of the CIO. He also  
is a labor member of the National  
Labor Commission.  
Hillman has laid the groundwork  
for getting the CIO-Lewis idea in ef-  
fect without Congressional action.  
He got an informal opinion from the  
Attorney General that Labor Board  
rulings are binding until reversed  
by competent court.  
This is only a step from that to for-  
cing contracts to those who are  
opposed by the prejudiced Labor  
Board. That is the issuance of in-  
junctions that all contracts include  
provision that contractors will  
obey rulings of the Board.  
That step is a long one. The  
issue is a hot potato—so hot  
that the attorney general has scur-  
ried and found a way of saying  
that he has not approved the long  
slide you start down a slide you  
start down a slide you start down  
the bottom pretty soon.  
—WSS—

Partial officials in the Army  
Navy Department—the men  
know most about how to get  
the country needs for defense  
are opposed to the Lewis-CIO-Hil-  
man idea continuously and strenu-  
ously. They may do so now.  
They pointed out by those who  
oppose it they speak that the  
issue is clear: Is an agitating  
minority to be permitted to  
control the national defense pro-  
gram for the sake of forcing compli-  
ance with a law which the general  
public, the great mass of the  
national House of Repre-  
sentatives, and others think is a law  
amendment?  
It would be just about as logical to  
ask a man about to appear in  
court to answer a traffic summons  
if he is not convicted.  
The nation needs industrial  
cooperation and production. Unless in-  
dustrial cooperation, the weapons  
needed for national defense, the  
United States will be at the mercy  
of foreign aggressors. Yet the pro-  
gram would have forbidden the  
financing of many contracts already  
in effect. Henry Ford, for instance,  
has a sizeable contract for airplane  
engines. He also has pending in the  
Labor Board. If the Lewis-CIO  
idea had been in effect,  
Ford could not have signed a con-  
tract for those engines without  
agreeing to accept the biased Labor  
Board's rulings.  
The new move has shaken the in-  
dustrial world from top to bottom.  
It says that an employer in order to  
operate in the national defense  
must admit that a finding  
against him by the Labor Board is a  
finality. In short, he must admit he  
is guilty BEFORE he has had his day  
in court.

Industry in cooperating and wants  
to cooperate in the national defense  
program. But obstacles like these  
are heavily upon them.  
National defense is at stake.

# FINAL MESSAGE OF JIM HOGG WARNED AGAINST THIRD TERM

By Austin Callan  
The flag of Texas leadership has  
been carried by illustrious men. There  
are names on the high domes of our  
history that shine like snow-covered  
peaks glittering in the glory of a re-  
gal sun.

Those among us who stand with  
heads bared when the flag goes by,  
or when the band plays the Star  
Spangled Banner, have a feeling of  
reverence when we hear the name  
of James Stephen Hogg. He held  
first place in the confidence and af-  
fection of the people of this state.  
They loved him from cabin homes  
among the pines to ranch houses at  
the foot of western hills.  
He was an imperial thinker, a  
great Democrat, a courageous states-  
man who loved and trusted the peo-  
ple and insisted upon keeping the  
government in their hands. His ad-  
ministration followed the light and  
wisdom and purpose of a stout and  
noble heart. The highest levels of  
efficiency and honesty and progress  
were reached under it and he will be  
revered as long as the wild flowers  
bloom on the Texas prairies. If we  
are to preserve for ourselves and  
coming generations a Republic of  
States, in which the citizen may  
choose his own way and be captain  
of his own soul, we must recur to  
what he taught and cherish the prin-  
ciples he cherished.

We must stand as he stood and re-  
spect the great traditions of the  
Democratic Party.  
In the eventide of his life, with  
every ambition gratified, with his  
great character firmly established in  
the hearts of the people, he gave us  
a memorable Farewell Message. In  
that hour of calm, unselfish reason-  
ing, he pointed out a danger that  
lurked down the road, and he spoke  
brave words that should not be for-  
gotten.

Believing it would impair free gov-  
ernment to break the third term tra-  
dition, he pointed to that road kept  
closed by the common consent of pa-  
triotism, and designated it as one to  
be most vigilantly guarded. A pho-  
nograph record was made of his words  
that his voice might be preserved as  
an aid in resisting any effort that  
might ever be undertaken to break  
a rule which had become a part of  
the American faith and Democratic  
gospel. This was done in the pres-  
ence of his family at West Columbia,  
a star-lit field of heroic memories.

## A Patriot's Appeal

Gov. James Stephen Hogg

In a posthumous message to the  
American people, the late Gov.  
James Stephen Hogg urged the  
preservation of democratic ideals by  
upholding the third term tradi-  
tion, and endorsed a Constitutional  
Amendment to limit a presidential  
administration to two terms.

It was one of the last duties per-  
formed by a great man who loved  
America, and her traditions and flag.  
He saw the need of preserving a  
safeguard raised to resist dicta-  
torship and he sounded a warning.  
The ravage of time has destroyed  
that record. It cannot be restored  
so that the voice of the grand old  
Commoner may again be heard. But  
there are those living who remember  
the message. It is preserved in their  
hearts and God grant that the wis-  
dom of it may never be destroyed. It  
should be read and re-read until the  
old and true faith show signs of res-  
toration "like a golden flower com-  
ing back to bloom".

Here is how Capt. Mike Hogg, of  
Houston, son of the late governor,  
recalls the memory of his father's  
patriotic action:  
"When I was quite a young man,  
just before my father's death, and  
knew little about public affairs, my  
father, my sister and myself were at  
our plantation home in Brazoria  
County. Father was very ill and  
knew his days were numbered. He  
talked to us many times about his  
fear that unless the Federal Consti-  
tution was amended and the prece-  
dent concerning presidential tenure  
in office made a law, some day, some  
man, under some pretext, would  
arise and create a dictatorship. He  
became so concerned about the situ-  
ation, knowing that he did not have  
long to live, he undertook to leave a  
recorded message to the people of  
Texas. He, therefore, got some Ed-  
ison cylinder wax recording records  
and expressed himself concerning  
this, as he stated, 'alarming weakness  
in our Constitution'.  
These records he had put in a  
small steel container and then de-  
posited in his private vault in the  
First National Bank in Houston.  
Years after he had passed on, we got  
the records and tried to again hear  
what he had to say. Heat and de-  
terioration had made them inaudible.  
We still have the records in their  
original container and have tried by  
every scientific means to restore the  
records so that his exact words might  
be distinguishable. Unfortunately,  
this cannot be done, but the spirit  
of his message remains with us as a  
warning and a plea to preserve the

## THE DOMESTIC ALLOTMENT PLAN

By Geo. B. Terrell  
The two major parties have  
spoken on their plans for aiding the farm-  
ers. The democratic party stands for  
the Wallace plan which has bank-  
rupted the farmers and driven thou-  
sands of tenant farmers off the farm  
and onto the relief rolls, as shown by  
the recent census reports.

Take Ellis county for example;  
Mr. R. E. Sparkman of Ellis county  
gives the following figures to show  
how that county has been hit by the  
Wallace program and other counties  
have fared the same way. Take the  
ten year period from 1919 to 1928  
and the income from cotton in that  
county was \$122,390,000, from 1928  
to 1938 the income from cotton was  
only \$44,403,000 under the Wallace  
plan of controlled production. In ad-  
dition to this loss from cotton thou-  
sands of tenant farmers were driven  
from the farms to seek government  
relief. This plan encourages large  
land owners to turn off renters and  
work their farms with hired labor, in  
order to get all the government pay-  
ments.

Roosevelt and Wallace offer the  
same destructive plan, while Willkie  
and McNary offer the Domestic Al-  
lotment Plan, which will insure par-  
ity prices for that portion of the  
crops consumed in this country.

These parity prices are 15 1/2 cts.  
for cotton, 8 1/2 cts. for corn, and  
\$1.12 1/2 for wheat. This plan does  
not restrict production, but allows  
every person to plant as his judg-  
ment dictates, but he is allowed to  
sell in home market only his prorata  
share of production and the remain-  
der must be sold in foreign markets  
at world prices.

Last December before voting on  
the marketing quota I requested Mr.  
Wallace to submit the Domestic Al-  
lotment Plan and give the farmers a  
chance to decide which plan they pre-  
ferred. He refused to do so and  
said the farmers were getting parity  
prices with pea checks and soil con-  
servation payments. They know that  
is not true, for they have never re-  
ceived parity prices. The only way  
to get parity prices is to vote for  
Willkie and McNary for they have  
promised it and declared for it in  
their platform. The New Dealers  
know they can't meet Willkie on the  
issues in the campaign. And they  
bring up the war issue and say it is  
not safe to trade horses while cross-  
ing the stream. If Roosevelt had not  
wanted the nomination for a third  
term he could have made Cordell  
Hull the nominee by saying Hull is  
the man, and Hull is as familiar with  
the war situation as Roosevelt is, and  
there would have been no third term  
issue.

Their only hope to beat Willkie is  
to make the voters believe that he is  
a German sympathizer and they will  
have a hard time making them be-  
lieve it, for Willkie was facing Ger-  
man guns on the battle fields of  
France in the world war while Roose-  
velt was holding down a swivel  
chair in Washington.

Plans for the annual Winter Gar-

## ZION'S LUTHERAN CHURCH

Sunday, Oct. 27, 1940

Reformation Sunday  
9:00 A. M. Sunday School and Bible Classes—John Reus, Supt.

10:00 A. M. Reformation service in the German language.

Please reserve Sunday for your Church and Sunday School. No matter what your station in life might be, you need the Church. If you are an unemployed carpenter or a millionaire industrialist, a waitress in a restaurant or an heiress, regardless of your station in life, you need the Church. At church we learn of broader, more unselfish lives than ours. At church we hear words of wisdom that have lost not one whit of the truth or value. Therefore, if you are weary and worn, fretted with problems of the world—Go to Church where the Spirit of love and peace and concord abides. We will be glad to have you as our guest.

Next week Thursday afternoon at 2 o'clock, Oct. 31, our Castroville Lutheran Ladies' Aid will meet in the Fuos building.

A cordial invitation to attend these services is extended to all.

The Church with a welcome.  
A. H. FALKENBERG, Pastor.

## CASTROVILLE WINS OVER LA COSTE 14-6

LaCoste, Texas, Oct. 18, 1940.—The Castroville High School Comets six-man football team, featuring Captain Arthur Weiblen on defense and Horace Geiger on offense gave the heavier LaCoste High School Eagles a 14-6 trouncing. The Eagles' outstanding star of the fray was Captain "Spot" Springfield who ran, passed and punted to resemble all-district material. The game was not

a "push over" for the Castrovillians as the rivalry was at a keen edge and both teams battled hard for a victory. The half ended in 0-0. The first touchdown for the visitors was made by Captain Weiblen on a line luck and the second on a long pass from Geiger. Captain Springfield of LaCoste made his team's 6 points on a quick, weak side end run.

## CASTROVILLE BOYS PLAY IN EAST TEXAS FRIDAY NIGHT

If there is any truth in the fact that traveling broadens one then the Castroville Public High School boys ought not to be narrow. This Friday night at 8:00 P. M. they play in Weimar, Texas under strong headlights. Their opponents in this 6-man football game will be the Weimar High School Wildcats who won their district championship last year with a light, but fast and deceptive team. This trip will be about 280 miles in all.
